quired by years of suffering, they would be forced to spend fewer hours of anxious attendance at the bedsides of sick daughters. A woman who suffers from weakness, disease, or derangement of the distinctly feminine organs is an incomplete woman. She is unfitted for woman's highest and best duty—motherhood. She cannot be a happy wife or the mistress of a happy home. Dr Pietce's Favorite Prescription is the only proprietary medicine ever devised by an expert skilled specialist in woman's diseases for the one purpose of curing these troubles in the privacy of the home. It makes a woman strong and healthy in a womanly way, and can be relied upon to relieve motherhood of all peril and almost all pain. It insures healthy, robust children. It transforms weak, sickly, nervous invalids into healthy, happy wives and mothers.

### An Old Man's Last Hope.

Made helpless as a baby by a dreadful nervous disease he read of a case like his own, and had enough faith to follow the example it set him. Now he is himself an example to others who are suffering from disorders of the nervous system.

Sawing wood, working in his garden, walking three times a day to and from his place of business—these form part of the daily routine of Edwin R. Tripp, Postmaster of Middlefield Centre, N. Y. He is past his seventieth birthday.

Nearly fifty years a blacksmith; thirty-two years Justice of the Peace; three years tone clerk then postmaster; forty-six years

town clerk, then postmaster; forty-six years a resident of the town he now lives in-these are the bare outlines of a useful life. Mr. Tripp's career is a type. His story will be read with heartfelt sympathy by thousands. His hearty endorsement of Dr. Williams' Pink Pills for Pale People will be echoed by tens of thousands.

He said:
"In March, 1892, I was attacked by what I afterwards learned was locomotor ataxia.

"Two skillful doctors did everything they could for me. I steadily became worse. Was unable to dress myself.

worse. Was unable to dress myself.

"Later I could not move even about the room, but was carried in my chair.

"I gave up hope. The doctors gave me no encouragement. I did not expect to live no encouragement. I did not expect to live very long. I was more helpless that a baby. I sank lower and lower.

"In June the tide turned! From the lowest ebb, it began to set toward health and vigor.

"The turning point was a newspaper

50 cents a box, but afterwards I saved money by getting six boxes at a time, paying \$2.50.

"I owe my cure entirely to Dr. Williams' Pink Pills for Pale People."

To clinch his remarkable story and add to its helpfulness to others, Mr. Tripp made affidavit to its truthfulness before Homer Hanna, a local Notary Public.

From helplessness, suffering and despair Mr. Tripp was restored to the healthful, useful activity suggested at the beginning of this sketch. His experience is like others.

While locomotor ataxia is one of the most baffling nervous diseases with which physicians are called to contend, its cure by Dr. Williams' Pink Pills for Pale People has become a matter of almost daily occurrence. Smaller nervous troubles yield much more readily to the powerful influence these vegetable pills exert in restoring wasted nerve force and in purifying and enriching the blood.

Druggists everywhere sell Dr Williams' Pink Pills for Pale People.

If he causes his sign or his card to be reproduced and printed in a ewspaper, he is doing the same thing that he did when he tacked the sign on the fences, or handed the card to the passer-by, he is putting his sign into the house of every reader of that paper.
